The Kim Joon Intrusion

Kim Joon
Kim Joon
Kim Joon
Kim Joon

"I was interested in tattoo as a metaphor for hidden desire or a kind of compulsion engraved into human consciousness. I see the skin, or in some case the monitor, as an extension of a canvas."

Kim Joon’s early body paintings were three-dimensional canvases in the form of limbs of flesh or parts of bodies..."his surreal art...it was interested in tattoos as a metaphor for hidden desire or a kind of compulsion engraved into human consciousness. I see the skin, or in some case the monitor, as an extension of a canvas..."Kim Joon's early body paintings were three-dimensional canvases in the form of limbs of flesh or parts of bodies..."his surreal art...it was interested in tattoos as a metaphor for hidden desire or a kind of compulsion engraved into human consciousness. I see the skin, or in some case the monitor, as an extension of a canvas..."Kim Joon's early body paintings were three-dimensional canvases in the form of limbs of flesh or parts of bodies..."his surreal art...it was interested in tattoos as a metaphor for hidden desire or a kind of compulsion engraved into human consciousness.
